

Kreepy Kadet®

Automatic Inground Pool Cleaner

By Pentair Water Pool and Spa™

Keep your pool sparkling clean for less

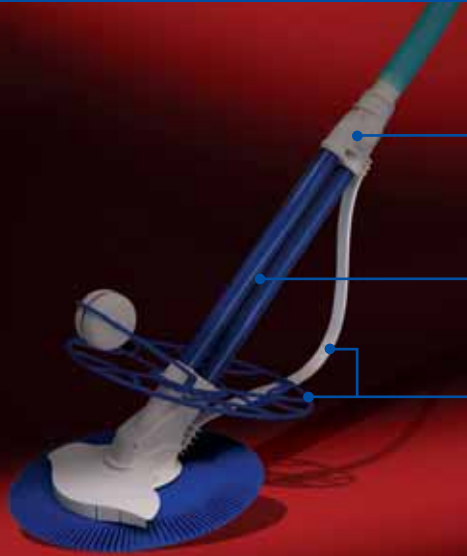

Kreepy Kadet® provides high-priced performance in a value-priced automatic cleaner. Its performance comes from the many design and operating features it shares with the legendary Kreepy Krauly®, the cleaner of choice for more than 2 million pool owners worldwide. It installs in minutes and uses your pool's existing filtration system to vacuum up dirt, leaves, sand and bugs from your pool bottom and walls. All debris is captured and sent to your pool's filtration system...where it belongs. Key features include:

- Dual drive tubes and automatic regulator valve optimize water flow for vacuuming power that removes large and small debris.
- Automatic regulator valve controls water flow for optimum travel speed to assure thorough cleaning.
- Engineered to provide optimum inground cleaning performance from water the line to the pool floor.

Kreepy Kadet comes with a step deflector (left) for pools with tight corners and complex shapes and bumper strap and guide wheel (right) for all pool surfaces.

Kreepy Kadet[®] Automatic Inground Pool Cleaner

Automatic regulator valve controls water flow for optimum travel speed to assure thorough cleaning

Dual drive tubes optimize water flow and velocity for power

Bumper strap and guide wheel keep Kreepy Kadet from obstacles for continuous, unattended cleaning performance

Simpler is always better

With only one operational moving part, Kreepy Kadet[®] couldn't be any simpler. Just install it into your return line and walk away. This is the cleaner that goes and goes with no attention from you. And isn't that the whole idea behind an automatic cleaner?

- No bags or compartments to empty. No diaphragm to replace.
- No wheels or gears to jam.
- No need to buy, install and operate an expensive booster pump.
- Built-in step deflector and eyeball diverter combine to keep cleaner from "sticking" in tight corners or near steps.
- Works on all pool surfaces: gunite, vinyl, fiberglass and tile.
- One-year limited warranty. See warranty for details.
